

I. AMENDMENTS

A. In the Specification:

Please amend the last paragraph appearing on page 7, lines 26 to 28 to recite as follows:

An reading physician ~~3012~~ 312 may then receive the imaging data from both the first and second stores 306, 310. The reading physician may also have marking software 314 for annotating the data during the generation of the interpretation of the imaging data.
